Description

The 261 XSS is an inshore/offshore crossover and is loaded with notable features such as the large casting fore and rear deck; port and starboard aerated baitwells; ample rod storage; and a console coffin box. This model combines the luxury of a Scout with all the characteristics of a serious bay boat. Scout's bay boat collection is known for its aggressive lines, high performance, and all around fishability. Standard features include an integrated exposed carbon fiber T-top w/ fully enclosed windshields; Fusion Bluetooth stereo w/ six JL Audio speakers; and a pocket transom ladder and built-in synthetic decking step...just to name a few. Upgrade from the standard leaning post w/ cooler to the fiberglass aerated livewell leaning post w/ two helm seats w/ flip-up bolsters, trash can, tackle storage, bottle opener, rod holders and Corian countertop; as well as add on underwater lights; hardtop mounted rocket launchers; raw and fresh water wash down; outrigger, Power-Pole, and trolling motor options; and a porta-potti
