Description

The Velocity is another model in the Samurai Hull line up, with the sleek raised sheer line (swept bow)and reverse chine, this model has all the best qualities Sea Jay is known for. This model proved itself during testing, with increased dead rise and sharper entry this model simply slices through the waves, parting the water like no other. The Velocity has a larger high front cast deck with an abundance of storage within the hatch. This model has two options with regard to the positioning of the console, that being to the side – sports model or centre with the console positioned towards the rear. Available in three model lengths, it is certainly a model to look at and take on board the full features as noted.NOTE - Some Images are for ilistration purposes only.
