Description

The Avenger range has models to suit all; the Adrenalin Hull is featured on Avenger models 4.28 and up. Models 4.48 and up have 3mm bottoms and 3 mm sides with the 4.28 having 2.5mm sides. The adrenalin hull with a deeper V and wide beam also incorporates a reverse chine (no reverse chine applicable on the 4.28). These features give you an excellent ride; enhance stability, great control and optimal fuel efficiency. All models feature front and rear cast platforms with hatches, electric motor plates are fitted off the front gunwhale, with a bow sprit and roller fitted on the front deck. A sounder mount and switch panel plate is fitted within the hull for electronic needs. Plenty of rod holders are on offer with 6 plastic holders fitted to the wide side decks. Seating is in the form of two full upholstered folding seats with five socket positions. Fuel tanks are fitted to models 4.48 and up, and all models are available either painted or non-painted.
