Description

Yamaha F175LB & F175XB 175 horsepower 4-stroke outboards for sale at Sunshine Coast Yamaha! Yamaha's popular and proven range of F175 Digital and Mechanical Control outboards now feature a newly designed look and integrated steering, taking these engines to the next level when it comes to power, reliability and control. The Integrated Hydraulic Steering system is housed in a neat, sealed cylinder unit, which is built into the transom bracket of the engine, rather than being a third-party bolt-on component. This results in a simple and clean rigging set-up, and an uncluttered bilge and transom area, while exposing less components to the elements for improved long-term durability and reliability. This new range of four-cylinder integrated steering models are ideal for all applications, including new boat packages, existing boat repowers and multi engine set-ups. The modernised F175 outboards bring a new level of delight to boating. Prices do not include fitting or accessories where applicable. Come in and chat to the team at Sunshine Coast Yamaha today for Yamaha outboard prices and to have any of your questions answered. Available in:

- Remote Mechanical with Hydraulic Steering

Specifications:

- Engine Type 4-Stroke, 16 Valve DOHC Direct Action In-Line 4
- Bore x Stroke (mm) 96 x 96.2
- Fuel Tank Capacity (l)
- Displacement (cc) 2785.0
